The Service's Legacy of Conserving Migratory Waterfowl Habitat

For more than 75 years, the Federal Duck Stamp Program and Migratory Bird Conservation Program have helped secure key habitats to sustain migratory bird populations. These habitats protect wetlands, help dissipate storm runoff, purify water supplies, and store flood water. As we look forward to the future conservation of these critical resources, we can find inspiration in these programs' extraordinary history of success.

At the turn of the 20th century, overeager hunters and the commercial demand for meat and feathers had decimated waterfowl populations. At the same time, periodic droughts caused wetlands and other valuable waterfowl habitat to disappear. In the late 1920s, conservationists, hunters, and government officials worked together to create the Migratory Bird Conservation Act, which Congress passed in 1929. This landmark legislation authorized the Federal government to acquire and permanently protect wetlands for waterfowl. It also created the Migratory Bird Conservation Commission—composed of Federal and State officials—to consider and approve proposals for land acquisition.

Although the Act gave the government authority to create migratory bird refuges, it did not provide a permanent source of acquisition funding. This problem was addressed in the 1930s when President Franklin D. Roosevelt appointed Jay N. “Ding” Darling, a nationally known wildlife conservationist and political cartoonist, to serve as the Chief of the Bureau of Biological Survey. Darling was instrumental in the creation of a stamp, to be purchased by all waterfowl hunters, that would generate funds to pay for the acquisition of waterfowl habitat. In 1934, Congress passed the Migratory Bird Hunting and Conservation Stamp Act, which required all hunters older than 16 to purchase and possess a Federal Duck Stamp while hunting waterfowl.

Revenues from Duck Stamp sales are

now deposited in the Migratory Bird Conservation Fund. The fund also includes import duties collected on arms and ammunition, receipts from permits for rights-of-way across refuge lands, and any appropriations from the Wetlands Loan Act, which Congress authorized in 1961 as an advance of funds against future revenues from sale of Duck Stamps.

Since 1934, the Service has spent more than \$1 billion Migratory Bird Conservation Fund dollars to permanently protect more than five million acres of important waterfowl habitat—including nearly three million acres of waterfowl production areas in the U.S. Prairie Pothole Region. In 2010 alone, the Service used almost \$35 million in funds from the Migratory Bird Conservation Fund to purchase, lease, or protect via easement over 15,000 acres of waterfowl habitat at migratory bird refuges and over 28,000 acres in the Prairie Pothole Region.

Today, as in the past, the Federal Duck Stamp Program and Migratory Bird Conservation Program depend on the support of people who understand and connect with our natural world—people who understand the importance of our wildlife resources and take action. What can you do? Buy a Federal Duck Stamp. Tell people how important Federal Duck Stamps are to ensuring healthy populations of all migratory birds and other wildlife. For more information, visit our Federal Duck Stamp Web site <www.fws.gov/duckstamps> or our Division of Realty Web site <www.fws.gov/refuges/realty>.

The Migratory Bird Conservation Commission

Section 2 of the Migratory Bird Conservation Act of 1929 established the Migratory Bird Conservation Commission. It reads as follows:

SECTION 2, AS AMENDED. A Commission to be known as the Migratory Bird Conservation Commission, consisting of the Secretary of the Interior, as Chairman; the Administrator of the Environmental Protection Agency; the Secretary of Agriculture; two Members of the Senate, to be selected by the President of the Senate; and two Members of the House of Representatives, to be selected by the Speaker; is created and authorized to consider and pass upon any area of land, water, or land and water that may be recommended by the Secretary of the Interior for purchase or rental under this Act, and to fix the price or prices at which such area may be purchased or rented; and no purchase or rental shall be made of any such area until it has been duly approved for purchase or rental by said Commission.

Any Member of the House of Representatives, who is a member of Congress, if reelected to the succeeding Congress, may serve on the Commission notwithstanding the expiration of a Congress. Any vacancy on the Commission shall be filled in the same manner as the original appointment. The ranking officer of the branch or department of a State to which is committed the administration of its game laws, or his authorized representative, shall be a member ex officio of said Commission for the purpose of considering and voting on all questions relating to the acquisition, under said sections, of areas in his State. For purposes of said sections, the purchase or rental of any area of land, water, or land and water includes the purchase or rental of any interest in any such area of land, water, or land and water.

Additional Act

In 1989, the Commission acquired the additional responsibility of approving project funding under the North American Wetlands Conservation Act. This Act provides Federal funding to encourage partnerships to protect, enhance, restore, and manage wetlands and other habitats for migratory birds and other fish and wildlife. The North American Wetlands Conservation Council, which was created by the legislation, submits project recommendations to the Commission for funding approval.

The Migratory Bird Conservation Fund

The Migratory Bird Hunting and Conservation Stamp Act of March 18, 1934 (Duck Stamp Act) created the Migratory Bird Conservation Fund (MBCF) to provide the Department of the Interior with monies to acquire migratory bird habitat.

There are three major sources of funds deposited into the MBCF account. The most well-known source is the revenue received from the sale of Migratory Bird Hunting and Conservation Stamps, commonly known as Duck Stamps, as provided for under the Duck Stamp Act. The other two major sources include appropriations authorized by the Wetlands Loan Act of October 4, 1961, as amended, and import duties collected on arms and ammunition, as provided for under the Emergency Wetlands Resources Act of 1986.

The MBCF finances two Service land acquisition programs which are administered by the Division of Realty. The first program acquires waterfowl habitat in major migratory bird conservation areas under the authority of the Migratory Bird Conservation Act of 1929. The second program acquires small natural wetlands, grasslands, and interests, known as Waterfowl Production Areas, under the authority of the Duck Stamp Act. Waterfowl Production Areas are located primarily in the Prairie Pothole Region of the upper Midwest of the United States.

A total of \$53,299,232 was available for obligation from the MBCF during fiscal year 2010. Disbursements for all MBCF land acquisition functions during the fiscal year totaled \$52,469,764. This includes \$27,085,599 for the acquisition of land and interests in land totaling 15,083 acres at major migratory bird conservation areas, and \$23,857,203 for land and interests in land totaling 28,039 acres at Waterfowl Production Areas.

Orange County, New York

New Area Boundary Approval

*Stone Lakes
National Wildlife Refuge
Sacramento County, California*

On June 9, 2010, the Migratory Bird Conservation Commission approved the 17,640-acre Stone Lakes National Wildlife Refuge boundary, and granted price approval for the fee title acquisition of 110 acres.

Stone Lakes NWR is located in the southwestern portion of the Sacramento River watershed within the Sacramento-San Joaquin Delta of the Central Valley of California. Despite major changes in the landscape, the Central Valley still attracts up to 100,000 birds each year, including 60 percent of the total population of waterfowl and shorebirds

in the Pacific Flyway during migration and winter months. Refuge habitats also support such threatened and endangered species as the giant garner snake, vernal pool tadpole and fairy shrimp, woodrat, brushrabbit, and tule elk.

The 110-acre tract approved for acquisition protects the central arm of South Stone Lake, which supports significant numbers of wintering waterfowl, including the northern pintail, northern shoveler, mallard, and green-winged and cinnamon teal, as well as the Canada, cackling, and white-fronted goose.

Boundary Addition Approval

Great Dismal Swamp National Wildlife Refuge

**Cities of Suffolk and
Chesapeake, Virginia, and Camden,
Gates, and Pasquotank Counties,
North Carolina**

On September 15, 2010, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 233 acres at the Great Dismal Swamp National Wildlife Refuge.

Great Dismal Swamp NWR is located in the Mid-Atlantic coastal plain along the Virginia – North Carolina State line, southwest of Norfolk, Virginia. The Refuge consists of large areas of forested wetlands, swamp, and marsh that provide important nesting, feeding, and resting habitat for

migratory waterfowl, including the American black duck, wood duck, mallard, and Canada goose, as well as neo-tropical birds.

The 233 acres approved for acquisition include native forested wetlands and remnant marsh and a mixed hardwood/conifer swamp. Much of the timber was harvested in the mid 1990's and is now in various stages of mixed forest re-growth. The Service will restore the native forested wetlands and manage the area for waterfowl, migratory birds, and other wildlife.

Boundary Addition Approval Great Dismal Swamp National Wildlife Refuge

Boundary Addition Approval

*Humboldt Bay
National Wildlife Refuge
Humboldt County, California*

On September 15, 2010, the Migratory Bird Conservation Commission granted boundary approval for 227 acres at the Humboldt Bay National Wildlife Refuge, and price approval for the fee title acquisition of 167 acres.

Humboldt Bay NWR is located approximately three miles west of Arcata, California, and comprises the best intact dune system remaining in the Pacific Northwest. The Refuge is the largest wintering area and spring staging area for the Pacific brant population in the United States, with up to 35,000 birds using the area during the late January to April staging

period. It provides essential habitat for migratory birds in the Pacific Flyway such as Aleutian cackling geese, Pacific brant, and various dabbling and diving ducks.

The 167 acres approved for acquisition consist of coastal dunes, beachfront, and scrub forest. The dune ecosystem harbors several types of endangered species and supports diverse habitats for over 200 species of birds, including shorebirds and waterfowl. The acquisition connects these coastal dunes with other Refuge lands to enhance management capability and allow for native plant restoration.

Boundary Addition Approval Humboldt Bay National Wildlife Refuge

Boundary Addition Approval

San Bernard National Wildlife Refuge

Brazoria and Matagorda Counties, Texas

During Fiscal Year 2010, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 6,075 acres at the Austin's Woods Unit of the San Bernard National Wildlife Refuge. This included Commission boundary and price approvals of 1,315 acres, 288 acres, and 4,472 acres in March, June, and September, respectively.

The Austin's Woods Unit is located 50 miles south of Houston, Texas. It is a productive and valuable wetland complex that provides habitat for migrating, wintering, and resident waterfowl, wading birds, neo-tropical

migratory birds, and other wetland-dependent wildlife species. Thousands of waterfowl winter in the area, including mottled ducks, mallards, northern pintails, gadwalls, wigeons, northern shovelers, blue- and green-winged teal, black-bellied whistling ducks, and ruddy ducks.

The 6,075 acres approved for acquisition consist of bottomland hardwood wetland forest and grasslands. The Service will manage the lands as habitat for waterfowl, wading birds, neo-tropical migrants, and other wildlife.

Boundary Addition Approval San Bernard National Wildlife Refuge

Boundary Addition Approval

*Silvio O. Conte
National Fish and
Wildlife Refuge*

Coos County, New Hampshire

On September 15, 2010, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 510 acres at the Pondicherry Division of the Silvio O. Conte National Fish and Wildlife Refuge.

The Pondicherry Division is located 80 miles north of Concord, New Hampshire. The Service identified the Division as one of 65 Special Focus Areas important to migratory birds in the Connecticut River watershed. It forms a basin that includes four ponds, the John's River, forested and emergent wetlands, bogs, spruce-fir forests, and northern mixed hardwood

forest. This northern forest wetland complex provides habitat for the American black duck, wood duck, mallard, hooded merganser, blue-winged teal, and ring-necked duck.

The 510 acres approved for acquisition are located along the Refuge's southwest perimeter. Acquisition of this property will protect both the wetland complex and the surrounding uplands. The Service will manage the tract for American black ducks and other waterfowl species. The Service will also offer compatible hunting, fishing, wildlife observation, photography, environmental education, and interpretation.

Boundary Addition Approval

*Trinity River
National Wildlife Refuge
Liberty County, Texas*

On September 15, 2010, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 161 acres at the Trinity River National Wildlife Refuge.

Trinity River NWR is located 45 miles northeast of Houston in Liberty County, Texas. The Refuge protects important remnant bottomland hardwood and associated habitats for migrating, wintering, and breeding waterfowl, including wood duck, mallard, gadwall, American wigeon, green- and blue-winged teal, and

mottled duck. Mature cavity trees provide important nesting habitat for wood ducks and black-bellied whistling ducks.

The 161 acres approved for acquisition are located along the Refuge's southwestern boundary and contain flood-prone bottomland hardwood habitat. The Service will manage the tract to protect important waterfowl habitat in the Trinity River floodplain. The Service will also offer compatible hunting, fishing, wildlife observation, photography, environmental education, and interpretation.

Boundary Addition Approval

*Wallkill River
National Wildlife Refuge
Sussex County, New Jersey and
Orange County, New York*

On September 15, 2010, the Migratory Bird Conservation Commission granted boundary approval for 9,550 acres at the Wallkill River National Wildlife Refuge, and price approval for the fee title acquisition of 43 acres.

Wallkill River NWR is located along nine miles of the Wallkill River in New Jersey and New York. Refuge bottomlands feature forested wetlands, emergent marshes, wet meadows, and open farmland habitat, which provide important nesting, feeding, and resting habitat for waterfowl and neotropical migrants.

The 43 acres approved for acquisition are within the riparian zone of the Wallkill River and consist of deciduous forested wetlands, including a red maple/silver maple swamp and former agricultural land now reverting to wet meadow and shrub wetlands. The River and associated habitat types support migrating waterfowl, particularly green-winged teal, American black ducks, wood ducks, and mallards. The Service will manage the wet meadow area as it does the adjacent wetlands, to support waterfowl nesting and feeding habitat.

Boundary Addition Approval Wallkill River National Wildlife Refuge

National Migratory Bird Refuges & Waterfowl Production Areas

The information contained in this report includes those acquisitions and dispositions of land and interests therein that are purchased with Migratory Bird Conservation Fund monies or acquired under the authority of the Migratory Bird Conservation Act. It also includes other migratory bird areas such as those that are transferred to the Fish and Wildlife Service under the authority of Public Law 80-537 to carry out a migratory bird management program.

Notes on Tables 1 and 2

In an ongoing effort to improve data quality, the figures in Tables 1 and 2 may show minor changes from previous annual reports. Lands in which the Service previously acquired a less-than-fee interest (leases and easements) may be purchased in fee during the year, and the number of easement or lease acres will show a decrease, and the number of purchased acres will show an increase. The acreage appearing in the Approvals section of this report will not appear in Tables 1 or 2 until after the Service acquires the tracts and expends the funds. Also, a newly approved refuge will not appear on Table 1 until the Service acquires the tract(s).

For information on all lands and interests under U.S. Fish and Wildlife Service control, refer to the Annual Report of Lands Under Control of the U.S. Fish and Wildlife Service. This report is available from the U.S. Fish and Wildlife Service, Division of Realty at <www.fws.gov/refuges/realty>, or by calling 703/358 1713.

North American Wetlands Conservation Fund (NAWCF)

Summary of MBCC Approvals for Fiscal Year 2010

The Migratory Bird Conservation Commission approved 72 wetland conservation project proposals for funding in Fiscal Year 2010 under the North American Wetlands Conservation Act. A total of \$83,212,053 from the North American Wetlands Conservation Fund, together with \$256,289,552 in partner funds, are supporting 56 projects in the United States, 5 in Canada, and 11 in Mexico. The following tables provide summary and detailed project information.

Fiscal Year 2010

Projects Approved by the Migratory Bird Conservation Commission and Active Under the North American Wetlands Conservation Act

Country	No. of Projects	Act Funds	Partner Funds	Acres Affected
U.S.	56	\$54,928,093	\$199,485,216	407,668
Canada	5	\$25,394,910	\$48,662,993	246,402
Mexico	11	\$2,889,050	\$8,141,343	115,675
Total	72	\$83,212,053	\$256,289,552	769,745
<i>U.S. Small Grants</i>	42	\$3,021,464	\$9,851,947	14,544

In addition, the Commission approved 42 United States small grant proposals, totaling \$3,021,464 from the Fund, supported by \$9,851,947 in partner funds, affecting 14,544 acres.
